WHO WE ARE

INVID is an award-winning software engineering company that creates custom software to solve business challenges. With more than two decades of experience, we produce the best software solutions that engage employees, improve procedures, and foster collaboration. We deliver enticing, scalable, functional, and high-impact software that saves time and money for our customers.

AWARDS & CERTIFICATIONS

SERVICES

CUSTOM SOFTWARE DEVELOPMENT

Our Custom Software Development services tailor robust, scalable, and efficient solutions to meet your unique business needs. From conceptualization to deployment, we ensure seamless integration and optimal performance to drive your success.

MOBILE DEVELOPMENT

Harness the power of mobility with our expert Mobile Development services. We create intuitive, feature-rich mobile applications for iOS and Android that enhance user engagement and drive business growth.

INTRANET

Elevate your team's productivity with our Intranets services. We design and implement customized SharePoint solutions that streamline communication, collaboration, and document management within your organization.

WEB PORTALS

Our Web Portals are designed to provide a seamless user experience and robust functionality. Whether it's for customers, employees, or partners, our portals facilitate easy access to information and services, fostering better interaction and engagement.

PLANNING SERVICES

Our Planning Services offer strategic guidance to align your IT initiatives with business goals. We provide comprehensive planning, from thorough research to detailed roadmaps, ensuring your projects are set up for success from the start.

STAFF AUGMENTATION

Scale your operations efficiently with our IT Staff Augmentation services. We provide skilled professionals to complement your in-house team, ensuring you have the right expertise to meet your project demands and deadlines.

POWER PLATFORM

Leverage the Microsoft Power Platform to build custom apps, automate workflows, and analyze data. Our expertise in Power Platform empowers your organization to innovate quickly and improve operational efficiency.

ARTIFICIAL INTELLIGENCE

Stay ahead of the curve with our Artificial Intelligence services. We develop AI-driven solutions that enhance decision-making, automate processes, and unlock new opportunities for growth and innovation in your business.
